Honour School of Chemistry, Part II 2018
Supervisor’s Report

Please complete in triplicate hard copy, front and back on one sheet, and return to Nina Jupp, Chemistry Faculty Office, Inorganic Chemistry Laboratory, South Parks Road by noon Friday, 1st June 2018

Candidate: College: Supervisor:

(1) Please outline the candidate’s own significant achievements and original contributions in the course of the project (please note that it is not appropriate to suggest degree classification or to describe the candidate’s career plans).

(2) Please indicate the level of the candidate’s:
   a) Commitment, enthusiasm and interest
      excellent  v.good  good  fair  weak
   b) Technical ability and competence
      excellent  v.good  good  fair  weak
   c) Independence and initiative
      (How much assistance was needed, and how much has the student contributed to the direction of the project? How did the student react to setbacks?)
      excellent  v.good  good  fair  weak
   d) Planning and organisation
      (Both short term planning and long term vision).
      excellent  v.good  good  fair  weak
   e) Understanding and Interpretation
      (Understanding of the aims and objectives, critical analysis and interpretation of results.)
      excellent  v.good  good  fair  weak
   f) Problem-Solving Skills
      (to solve problems logically and efficiently, either independently or as part of a team.)
      excellent  v.good  good  fair  weak
(3) To what extent does the candidate's work form part of a well-established research programme in your group?

  wholly  partly  not at all

(4) Has this student worked in your lab before 20 September 2017? If so please comment on when, for how long and the extent to which it is relevant to the Part II project.

(5) How much help has the candidate had from your group in his/her research?

  a lot  moderate amount  basic training only

(6) How much help has the candidate had in writing the thesis?

  extensive  modest  none at all

(7) Have you had sight of the thesis in draft?

(8) Please comment on factors (e.g., illness, breakdown or late delivery of equipment, or other unexpected difficulties) outside the candidate’s control that have caused substantial delays in the project. In the case of ill health a medical certificate must be submitted to the Junior Proctor through the Senior Tutor of the candidate’s society.

Signed:..............................................................................................................
